

Please do not repeal cross-ownership legislation; do not give away our air waves to corporate concerns whose principal interest is the bottom line, NOT "the public interest, convenience, and necessity". Please do not allow one company to own more than 3 radio stations in large markets, or newspapers and broadcast stations in the same market. Freedom of the press lies in diversity within any given market, not in monopoly. A healthy democracy depends on the public's right to see and hear diverse opinions, differing perspectives. Please protect our public right to know in communities large and small by legislating against monopolistic control of local air waves and cross ownership of print and broadcast media. When there is only one voice there is no choice. Please preserve the legislation as it
